

The Fairbanks Panthers Lose To the Greenon Knights

Written by: Eli Thrush

The Fairbanks Panthers lost to the Greenon Knights 3 - 1 on Wednesday, October 3rd, at the Fairbanks High School home soccer field in Milford Center, Ohio. The Junior Varsity boys soccer game was intense, but in the end the Greenon Knights slayed the Fairbanks Panthers.

The Panthers have a record of 2 wins, 3 losses, and 4 ties after this game. The Knights have a record of 7 wins, 2 losses, and 0 ties after this game. In order to get a good seed in the tournament that they and all of the teams in their league play in, the Panthers need to play each other to try to get the lowest seed possible, which is one. The Panthers aren't a very low seed currently. They are around the middle seeds, because of all of their ties. The Greenon Knights, on the other hand, are a pretty low seed right now, mainly because they have lots more wins than losses, unlike the Panthers, who have more losses than wins.

Joshua Underhill, a Fairbanks player, had this to say about the game, "I think our team (Fairbanks) was a little slow this game". Multiple people, players and fans, agreed with him. Fairbanks isn't the best team as their record suggests, but they aren't the worst team out there. There are days that are good for them and days that aren't very good for them. That game was a not so energetic day for them. One of their games, the Olentangy Braves game, was a great day for them. They only tied them at 0 - 0, but they are a Division 1 team, so they are great pretty good, and the Panthers stayed even with them the whole time. Multiple boys said that this was their favorite soccer game of the season. Greenon, as their record would suggest, are pretty good, but they aren't the best team out there either. The only reason that they have a good record is because they haven't played very good teams yet.

Several Fairbanks boys, Junior Varsity and Varsity, along with their coach, and fans said that they were really slow then and that they should have won that game. A couple of the Fairbanks boys said that they think that some of them did fine and that they did better than they usually do. Most of them though said that they all didn't do very well. "We were kind of half - asleep", William Schlueter, a Fairbanks player said. The Greenon team, along with their coach, said that they did okay that game, that they could have done better than what they did then, but that they did good nonetheless. Fairbanks' next game is Saturday, October 13th, against the Jonathan Alder Pioneers at 11:00 A. M. at the Jonathan Alder high school home soccer field. Greenon doesn't have any more games; the rest got cancelled, unfortunately for them.
